* CURRENTLY OUT OF STOCK

The Tramex Remote Environmental Monitoring System WME/MC Accessory Pack adds more Cloud Sensors to your TREMS project.

The AP-TREMS-WME/MC comprises 5 CS-RHTX Tramex Cloud Sensors as well as 5 external WME/MC probes. These external probes extend the benefits of the remote monitoring system allowing for Moisture Content (%MC) monitoring in wood and Wood Moisture Equivalent (WME) monitoring in a variety of building materials such as wood-based products, drywall or plasterboard.

Multiple Sensors can be used with one Station. Registration and on-site set-up is simple using a QR code check-in procedure. The on-site Sensors, with long-life batteries, transmit relative humidity, temperature (°C and °F), dew point and grains per pound / grams per kilo readings, in-situ WME and MC readings wirelessly via the Tramex Cloud Station enabling remote monitoring of up to 200 on-site Sensors on the Tramex Cloud platform. Tramex Cloud is a secure platform to store and report your moisture, temperature and relative humidity measurements, get notified of adverse conditions and quickly monitor status from any browser.

There are no subscription fees and there is free data with the Tramex Remote Environmental Monitoring System.

1. 5 x CS-RHTX Tramex Cloud Sensors
2. 5 x WME/MC electrode probes
3. 1 x Heavy Duty Protective Carry Case
4. Tramex Cloud Software Monitoring platform (Tablet not included)
