Detalle

The Tramex Feedback DataLogger and Tramex Meters App have been designed and developed by Tramex for professionals who depend on accurate, reliable readings using the very best, state of the art technology. The Feedback DataLogger and App log up to 100,000 data point entries for relative humidity, temperature, dew point and grains per pound, transmitted wirelessly via Bluetooth BLE technology to your mobile device. On the App you can visualise Live Readings, Thermal Conditions and Psychrometric Charts as well as creating and exporting spreadsheets, charts and reports. The Tramex Feedback DataLogger requires the Tramex Meters App and a compatible iOS or Android mobile device.

- Bluetooth BLE enabled for use with mobile devices.
- Up to 100,000 data point entries. Instant set up and start modes.
- Precise Ambient Relative Humidity and Temperature logging.
- Intuitive and instructive App interface.
- Adjustable Interactive chart, spreadsheet, report and easy export functions.
- Connectivity up to 165ft (50 meters) for highly accessible data downloads.
